The sunny side of life

2011

Welcome

to the sunny side of life!

The fact that the Krallerhof is known as one of Austria's best wellness hotels is a great honor. And it is all the more incentive for us to continue to strive for improvement!

In this spirit, we have renovated, and in part enlarged, the majority of family rooms in our main building. We have also commenced the construction work in the wellness area.

In the section "A Glimpse of the Future" at the end of this folder you will find a little preview of what there is to look forward to in Spring 2011.

The following pages contain many discoveries that will excite you: in addition to our tried-and-tested favorites, like the Ayurveda week, the Watercolor Week and mountain biking, you will find many new, attractive packages, special rates for your family skiing trips, or interesting arrangements for golf fans.

Let yourself be spirited away into a world of calmness and the many pages of offers. No matter what the weather or the time of year – the Krallerhof is always worth a visit.

We look forward
to welcoming you!

Snow Flurry

Surrounded by impressive mountain ranges, you are in the midst of a dream in white that quickens the senses. While you are enjoying the view of the snowy mountain ridges, you might ask yourself: What would be better – a relaxing winter walk or a romantic horse and sleigh ride? Or are you tempted to snap on your skis right away and test the fluffy powder snow? In our idyllic mountain world, the winter gives you much variety. As does the Krallerhof, with its multitude of offers.

White Splendour

Saalbach-Hinterglemm-Leogang is considered a true 5* ski region. The largest ski circuit of all times awaits you with over 200 km of fantastic slopes and 55 state-of-the-art cable car and lift facilities. Under the motto "100% snow sure", the last few "black patches" in Leogang have now been equipped with snow cannons.

In the coming winter, two new wave pistes will be constructed near the Mulden lift to ensure additional skiing fun.

Safety is, of course, of particular importance to us. In Salzburg, a law is currently in preparation that would make ski helmets mandatory for children under 15 years of age. For course participants in our skiing school Skiszene Altenberger, this rule has already been enforced since last winter.

Wishing you (and me) lots of powder snow and lovely carving turns!

Ski pioneers & ski pros

The Altenberger skiing school was the first of its kind in Leogang and was founded in 1952. Over the course of many decades, Skiszene Altenberger has set standards for professional instruction. Take advantage of more than 50 years of experience and book your ski instructor!

Our in-house ski shop offers the latest models of downhill skis, snowboards, cross-country skis and sledges for hire. Save up to 10% of the rental fee by making your reservation online.

Order your ski passes conveniently at the hotel reception desk. Your tickets will be ready for you the next day. The lift key card with a value of € 2.- is reusable and is automatically charged as a deposit.

Mountain Lodge Magic

Skiers love stopping off at our **Alte Schmiede** lodge on the Asitz. It's hardly surprising, since this is probably the most unusual alpine restaurant one could imagine. At an altitude of 1,760 meters and just a few steps from the mountain station of the Leoganger Asitzbahn cable car, it is ideally situated for a spirited ski turn into a very special mountain lodge.

Dining areas of over 2,300 m² provide seating for over 550 people. In six dining rooms, historic exhibits and countless artisan tools give the Alte Schmiede its quaint and unique charm. The vaulted ceiling, true to the original and consisting of 6,000 historic K&K arms-bearing bricks, is full of contrasts.

As a ski pioneer and founder, Sepp Altenberger Sr. has long been a legend. In his honor, a ski museum has been established with countless trophies, skis made of ash wood and photos.

If you are interested in the beer culture, December 2011 is something to look forward to. That is when a brewery museum will open its doors in the former Asitz lodge.

Die Kraller Alm

Not only Wednesday nights, after the legendary lodge jumping, mean party time at the **Kraller Alm**. Whether you like being at the centre of the action around our generous circular bar, or prefer to watch the dance floor from the gallery – thanks to our DJ, every night is a party night here.

Its rustic atmosphere and different cozy rooms make the **Kraller Alm** a popular meeting place for relaxing evenings – and we also have the best pizza in the area!

Pure Romance: Moonlight Sledging!

Every Tuesday and Friday, after a 5* dinner you can ride to the **Alte Schmiede** on the Asitz. Sledging down from the middle station into the valley is an unforgettable experience.

Snow Bunnies

The holiday experience of parents is very much dependent on the wellbeing of their children. That is why looking after your little ones is a big priority for us.

The Altenberger children's skiing school offers two ski kindergarten facilities with all-day supervision, right next to the hotel and at the Asitz valley station. The play land with baby-lift, fairytale meadow and the miraculous conveyor belt all guarantee that learning becomes a game to be enjoyed. The individual support provided by our experienced team from the very first time on skis through to the snow plough turns, and groups of no more than 6 children ensure maximum success.

Starting at 3:30 p.m. we offer free supervision of children in a play area with a size of 300 m². Here, the younger guests will find everything to satisfy their hearts' desires: climbing tower, bouncy castle, slides, an Internet station, cinema, creative corner and much more.

Of course our little non-skiers get their share of fun, too: As part of the skiing school program, in the Villa Kunterbunt, children aged 2 and above are lovingly entertained with fun and games from 9:30 a.m. to 3:30 p.m. Our mascot "Kralli" will join in all the fun!

The Spirit of Adventure

The Salzburg mountain streams can be powerful, roaring and intense. Feeling the force of this unequalled element exerts an irresistible fascination for the truly adventurous. Whether you prefer canyoning or rafting – nature's dynamics will excite you.

Does adventure mean being high in the sky to you? Enjoy the beautiful mountain panorama from the bird's-eye view. The new Flying Fox takes you from the Asitz into the valley at neck-breaking speed.

Climbing enthusiasts will also find every imaginable challenge: At the head of the valley near Saalbach-Hinterglemm you will find a high-rope course surrounded by a beautiful mountain panorama. For parties of four or more guests, you can use our own high-rope garden.

Do you feel that the greatest happiness on earth is to sit in the saddle of a horse? Lucky for you that you now have the opportunity to take riding lessons! Explore the area surrounding the Krallerhof on a relaxing horse ride.

Child's Play

A child is an island of curiosity, brimming with questions. To provide the right answers to all of them, we offer a program with diverse activities 365 days a year. In addition to our tried-and-tested favorites, we have some interesting news: In addition to our petting zoo, we now also have a riding stable. Be it with the longe line or an outing on horseback – from high up in the horse's saddle, fascinating new perspectives literally open up here.

Kids aged 3 and above can look forward to numerous attractions: Adventure hikes with alpacas, horse riding in our new paddock right next to the KrallerAlm, a picnic in the wild, campfire, water fun with dam-building, visit to a farmyard, pirate rafting, summer tobogganing on the Asitz. In Kralli's petting zoo, tame alpacas, rabbits, guinea pigs and chickens patiently wait to be stroked and petted. Natural woods such as pine and oak have a beneficial effect on circulation and guarantee healthy sleep. Luxury Suites

The color suites at the Krallerhof have already achieved cult status. No two suites are alike!

Each one is an individual space, a personal refuge for the mind and soul. For this stylish combination of East and West, the artist Ty Waltinger has united the ancient and the new with sensitivity to create spaces that exude the energy of light, tradition and art.

In the 21 suites with areas of between 64 and 114 m², the duality of luxury and ambience is clearly perceptible. Breathtaking frescoes, sculptures and unique hand-crafted furniture harmonize with exquisite wooden floors, historic doors from all over the world and numerous glass and stone elements. Finely-proportioned forms and the radiating luminosity of very rare color pigments give the rooms a special atmosphere.

Ultramarine

Suites Nos. 180, 181, 182 (71 m²)

Ultramarine, sky-blue and olive hues permeate the basic character of these three suites. The airy atmosphere in the interior symbolizes a direct link with the surrounding waterscape. Comforting, relaxing, reminiscent of holidays – colors which take their cue from sea grass, Indigo and Cerulean blue, starfish and gravel. Luxury fabrics with a jute finish, olivewood floors, frescoes using genuine lapis lazuli, old wooden pillars and doors from the years 1823 to 1850, bedside tables made of old column bases and hand-crafted solid timbers all combine to produce a delightful mix of materials.

The single-storey Ultramarine Suites of around 71 m² comprise a sitting room/bedroom with double bed, a separate twin-bed children's room, a lobby and a separate WC and bidet. The bathroom is fitted with a bathtub and separate shower, 2 sinks, dressing-table mirror, hairdryer, underfloor heating and heated towel rail. Here, the standard fitting includes a TV/DVD player in the sitting/bedroom, TV in the children's room, as well as a radio, mini-bar, safe and balcony.

Cinnamon

Suites Nos. 380, 389 (71 m²)

The floors are made of exclusive Wenge timber. Antique semi-columns serve as room dividers, while extravagant glass bricks and tiles, frescoes made of genuine Ochre shades (pigments dating back to around 100 years), Terra di Siena and Van Dyck brown all combine to lend these two single-storey suites a cozy and relaxing ambience.

Purple

Suites Nos. 283, 286, 383, 386 (64 m²)

Purple suite

These four suites, each around 64 m², are bound to impress thanks to their oriental ambience. The artist has bathed the rooms in genuine shades of Purple, Carmine and Cochineal pigments. Centuries-old wooden doors from India, floors made of Merbau wood, antique brick floors, luxury fabrics and numerous details give these suites a unique ambience. They comprise a sitting room/bedroom with double bed and oriental upholstery, a separate twin-bed children's room, a hall and the bathroom. The bathroom is fitted with bathtub and separate shower, 2 sinks, dressing-table mirror, hairdryer, underfloor heating and heated towel rail. WC and bidet are separate. Here, the standard fitting includes TV/DVD player in the sitting/bedroom, TV in the children's room, as well as radio, mini-bar, safe and balcony.

Vanilla suite

Vanilla

Suites Nos. 381, 382, 387, 388 (105 m²)

These extremely generously-proportioned suites, with their frescoes made of Titanium dioxide and Terra di Pozzuoli, are primarily intended for families with up to five children. They extend over two levels, with timber floors made of Doussie timbers and an extensive curved wall built of colored glass bricks. The stone walls, made of Jura marble, provide an interesting contrast to the antique wooden doors.

These suites have a sitting/bedroom with a double bed and sofa bed, a separate children's room with double bed and sofa bed, a hall on each level and a walk-in closet on the lower level. The bathroom is fitted with a large bathtub, separate shower, 2 sinks, separate WC and bidet, dressing-table mirror and hairdryer. The smaller bathroom has its own WC, in addition to a shower and sink. Both bathrooms have underfloor heating and a heated towel rail. The standard fit-out includes TV/DVD player in the sitting/bedroom, TV in the children's room, as well as mini-bar, safe and 2 balconies.

Ochre

Suite No. 385 (34 m²)

Ochre hotel apartment

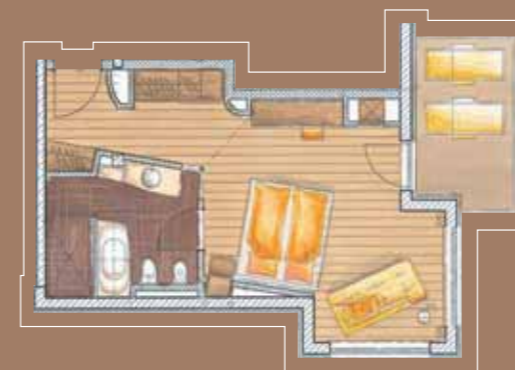

The smallest of the suites is suitable both for singles and for families of up to 4 persons. It was designed with sandstone walls, colored glass bricks, Merbau wood floors and many artistic details. The frescoes are made of century-old French ochre and English scarlet pigments, lending this room its incredible charm. Thanks to its 1.6 m wide 'grand lit' bed, this room is also suitable for double occupancy. The living area also has a sofa bed, offering an additional accommodation option. The room also comprises an entrance area, a bathroom with bathtub and separate shower, washbasin, WC, bidet, dressing-table mirror, hairdryer, underfloor heating and heated towel rail. Facilities also include a balcony, TV/DVD player, mini-bar and safe.

Ochre

Suite No. 285 (37 m²)

Here, old French ochre and English scarlet pigments were used in the frescoes. The sleeping area contains a double bed, while the living area has a sofa bed. The room also comprises an entrance area, a bathroom with bathtub and separate shower, washbasin, WC, bidet, dressing-table mirror, hairdryer, underfloor heating and heated towel rail. Gold

Suite No. 384 (114 m²)

Silver

Suite No. 284 (87 m²)

Genuine rosewood floors and a timber ceiling dating back to ca. 1739, an antique table from the year 1842 and a sliding door with antique carvings, not to mention an open fireplace, silver-gilded walls and artistic frescoes using indigo, indian yellow and genuine gilt – no wonder this suite makes quite an impression.

The bedroom with double bed has a large ensuite bathroom with whirlpool, separate shower, 2 sinks, dressing-table mirror, hairdryer, underfloor heating and heated towel rail. The separate twin-bed children's room has its own bathroom with shower, sink, integrated WC, underfloor heating and heated towel rail. A cozy sitting room with open fireplace forms the focal point of this suite, providing a gathering point for the whole family. Here, the standard fitting includes TV/DVD player in the sitting/bedroom, TV in the children's room, as well as mini-bar, safe and 2 separate balconies. The children's room has plenty of room for a third bed.

Downstairs ...

... and upstairs

Our largest suite extends over two floors with a mezzanine, and is therefore ideally suited to families with several children. It is distinguished by gilded walls, rosewood floors and numerous exquisite details, as well as specially-designed items of furniture, created by artist Ty Waltinger for this luxury suite. Frescoes using old Indian yellow, Madder red, Terra di Pozzuoli dating back to around 1910, and 24-carat gold leaf are among the special features of this suite.

It is equipped with artful lighting objects and state-of-the-art LED lighting systems. This suite literally gleams, thanks to colored glass bricks and carefully selected glass tiles by Trend-Bisazza in the bathroom and toilet. The lower level includes the bedroom with double bed, a separate sitting room with open fireplace, and the large bathroom fitted out with whirlpool bath, separate shower, 2 basins, vanity mirror, hairdryer, underfloor heating and heated towel rail. There is separate access to the WC and bidet. This suite also has its own herbal sauna (55°C).

The upper level has a separate twin-bed children's room with a sofa bed, a hall and an additional bathroom with shower, 1 sink, WC, underfloor heating and heated towel rail. The standard fitting includes a TV/DVD player in the sitting/bedroom, TV in the children's room, as well as mini-bar, safe and 2 separate balconies.

Celebrate Good Times

When joy radiates from all your guests' faces and the good mood knows no bounds, you know that your party is a success. Be it a wedding, a special birthday or any other joyful event – the Krallerhof offers the right venue for all of life's milestones.

We take care of the organizational aspects and ensure that your party is a success. Choose the ideal location: KrallerAlm, Alte Schmiede on the Asitz or directly in the hotel! Whatever your reason to celebrate – we will give your party the space it needs.

A Glimpse of the Future

We believe that better is the enemy of good. According to this principle, our Refugium is becoming even more beautiful and even bigger. The extension has already started and will be complete in Spring 2011. Treat yourself to a little preview:

Nitsch Relaxation Room

Yellow, the color of the sun and of life. A warm aura full of mystery. In the Relaxation Room, Hermann Nitsch's painting from the year 2002 will welcome you with its sunny yellow tones. The avant-garde artist is among Austria's most important contemporary artists. From the comfort of wooden reclining chairs you have the opportunity to admire 6 of the best paintings from Nitsch's big painting event in 2009.

Despite their intensity, when viewing these paintings many people fall into something of a meditative state that allows them to forget their everyday stresses.

Outdoor swimming pool and private spa

In the sauna area, a generous outdoor swimming pool will be constructed. No matter what the weather or the time of year – the great pleasure of swimming out into the open air after a visit to the sauna is now always possible. The private spa can be separated completely from the rest of the sauna area. It includes a steam bath, infra-red cabin, relaxation and massage reclining chairs, showers and WC. The private spa can be booked exclusively for couples or small groups. Sauna days for ladies are planned for a few days of the week.

Relaxation crystal in the fruit orchard

Have you always longed for a place that would allow you to give in to your inner voice and change your outlook? Then our relaxation crystal might be for you: amongst the apple trees, a relaxation space flooded with light is being created and will include 9 reclining chairs and 2 treatment cabins. The structure is entirely made of wood and will be cased in large-format, rust-colored planks. The ideal place to read a book during the day, or to enjoy the view of the Salzburg Alps. This very special place of calm will be available to our guests from Christmas 2010.

Watercolor Week

17 – 24 July 2011

Daily courses, free of charge, on technique and intensive courses on watercolor painting with Christiane Messner. No previous experience necessary. By the end of the course, you will have completed two paintings as well as matching passepartout. Your works will be exhibited to an audience in the hotel's own private view.
